1. Read Chapter 3 in A Balanced Introduction. In Chapter 3, do review questions: 10-17 (that is, 10, 11, 12, 13, 14, 15, 16, 17)

Note: Do not copy answers directly from the text.

Instead, digest the ideas and explain them in your own words.

If you cite particular phrases, then put them in "quotation marks" to show they are words written by somebody else.
