

Tufts University Computer Science Department

Minor Checklist Form

By declaring your intent to minor in computer science you will be added to the Department's mailing list and will receive invitations to computer science events and activities.

Name: _____ ID #: _____

Campus Address: _____

Phone: _____ Email Address: _____

Major(s): _____

Graduation term (e.g. Spring 2020): _____

Please list the **five** courses you currently propose to take to fulfill your minor along with the semester and grade. Put "IP" in the Grade column for courses In Progress and leave it blank for future courses.

Course Number	Semester	Grade
COMP 15		
COMP/MATH 61		

Student signature: _____ **Date:** _____

Necessary requirements to complete minor in computer science: five courses including COMP 15 and COMP/MATH 61 (formerly 22), two courses chosen from COMP 40, 105, 160, and 170, and one course in computer science numbered above 15. Intended courses for the minor in CS constitute a valid computer science minor **only** if all were taken for grades of C- or better and no more than two were used to satisfy the Cognitive and Brain Sciences major.

Please consult the section on minors in the Department's Undergraduate Handbook and in the University Bulletin for complete University policies relative to declaring a minor as there are restrictions students should be aware of. One of these is that no more than two of the courses used toward the minor can be used for any other requirement such as the foundation, distribution, or concentration requirement. All questions concerning the eligibility of courses should be referred to the CS Minors Coordinator or CS Department Chair.

*Please bring this form to The **Computer Science Dept.**, Room 245, Halligan Hall for department approval.*

-----Do not write below this line-----

Department approval: _____ Date: _____

Please note: Students are responsible to submit this form with required signatures along with the Academic Advising Report to Student Services, Dowling Hall.
